

National Park Service, Interior

§ 13.162

20, 1987. The Superintendent may extend this deadline for a reasonable period of time only when a permit applicant demonstrates that extraordinary circumstances prevented timely application.

CABIN USE FOR COMMERCIAL FISHING ACTIVITIES

§ 13.150 Use for authorized commercial fishing activities.

The use of a campsite, cabin or other structure in conjunction with commercial fishing activities authorized by section 205 of ANILCA in Cape Krusenstern National Monument, the Malaspina Glacier Forelands area of Wrangell-Saint Elias National Preserve, and the Dry Bay area of Glacier Bay National Preserve is authorized pursuant to the provisions of §13.40(c) of this chapter and the terms of a permit issued by the Superintendent.

CABIN USE FOR SUBSISTENCE PURPOSES

§ 13.160 Use of cabins for subsistence purposes.

(a) A local rural resident who is an eligible subsistence user may use an existing cabin or other structure or temporary facility or construct a new cabin or other structure, including temporary facilities, in a portion of a park area where subsistence use is allowed, pursuant to the applicable provisions of subparts F through V of this part and the terms of a permit issued by the Superintendent. However, the Superintendent may designate existing cabins or other structures that may be shared by local rural residents for authorized subsistence uses without a permit.

(b) For purposes of this section, the term "local rural resident", with respect to national parks, monuments, and preserve, is defined in §13.420 of this chapter.

§ 13.161 Permit application.

In order to obtain or renew a permit, a person shall submit an application. In the case of an application to renew a permit issued pursuant to §13.160, if no circumstance relating to the permittee's occupancy and use of the cabin or structure has changed in the interim, applicable material submitted

by the permittee to satisfy the original application requirements is considered sufficient and need not be resubmitted. The following information is required to be included in a permit application:

(a) An explanation of the applicant's need for the cabin or structure;

(b) A description of an applicant's past, present and anticipated future subsistence uses relevant to his or her need for the cabin or structure;

(c) A blueprint, sketch or photograph of the cabin or structure;

(d) A map that shows the geographic location of the cabin or structure; and

(e) A description of the types of occupancy and schedule for use of the cabin or structure. All information may be provided orally except the cabin blueprint, sketch or photograph and the map.

§ 13.162 Permit issuance.

(a) In making a decision on a permit application, the Superintendent shall consider whether the use by local rural residents of a cabin or other structure for subsistence purposes is customary and traditional in that park area and shall determine whether the use and occupancy of a new or existing cabin or structure is "necessary to reasonably accommodate" the applicant's subsistence uses. In making this determination, the Superintendent shall examine the applicant's particular circumstances, including but not limited to his or her past patterns of subsistence uses and his or her future subsistence use plans, reasonable subsistence use alternatives, the specific nature of the subsistence uses to be accommodated by the cabin or structure, the impacts of the cabin or structure on other local rural residents who depend on subsistence uses and the impacts of the proposed structure and activities on the values and purposes for which the park area was established.

(b) The Superintendent may permit the construction of a new cabin or other new structure for subsistence purposes only if a tent or other temporary facility would not adequately and reasonably accommodate the applicant's subsistence uses without significant hardship and the use of no other type of cabin or other structure
